3. Wednesday Practice Training - Additional Discussion

- Even if we reduced Wednesday to a single training session, we would still need to have a trainer on site.
- We received 50 survey responses, with 42 individual clubs submitting votes. Of those, 25 (59.5%) voted to remove the Wednesday training, and 17 (40.5%) voted to keep it.
- We also discussed the one-hour Thursday and Friday training sessions. As of now, those will remain in place. We'll plan for a one-hour training on Thursday evening and another on Friday evening. There is some concern about potential crowding, but following last year's schedule, the Level 7s and the older Level 9s would not have training on those days.

4. Regional Champs Entry Fee Increase - Additional Discussion

- There is concern that increasing the entry fee this year could discourage some lower-level athletes from attending.
- One option discussed was a two-tier pricing system that would allow lower levels to pay a reduced amount. This is technically possible if the region chooses to implement it.
- Some members prefer an incremental increase, with a ten-dollar increase in 2026 and a fifteen-dollar increase in 2027.
- Others support raising the full twenty-five dollars immediately.
- Sanction fees have also increased, resulting in hosts paying nearly double compared to previous years.
- Regional entry fees have not increased since 2016.
- The committee expressed interest in having the National Office establish a predictable schedule, ideally at the start of each quad, for updating fees so regions can plan accordingly.
